EDUCATION
Sri Surya Junior College – Nagari, India
Intermediate; Percentage: 92% — *June 2016 – August 2018*

SKILLS SUMMARY

- **Languages:** Python, SQL

- **Frameworks:** FastAPI, Django, PySpark, Pandas, NumPy

- **Tools & Technologies:** Apache Kafka, Airflow, MySQL, AWS S3

- **Platforms:** PyCharm, Jupyter, VS Code

- **Soft Skills:** Analytical Thinking, Collaboration, Communication

WORK EXPERIENCE

Data Engineer | DataEdge Solutions – *March 2025 – April 2025*

- Built ETL pipelines using **Airflow** and **PySpark**.

- Integrated Kafka streams for real-time data ingestion.

- Designed APIs with FastAPI for data access.

PROJECT: Big Data Processing System

- Processed large-scale IoT sensor data for analytics.

- Stored processed data in AWS S3 and MySQL for reporting.

Python Developer | CloudData Tech – *Nov 2022 – Feb 2025*

- Built FastAPI backends for analytics dashboards.

- Automated data cleansing scripts using Pandas.

CERTIFICATES

- **Data Engineering on Google Cloud** – Coursera (2024)

- **Python for Data Analysis** – DataCamp (2023)
